## Buy a Brick Promotion!

My wife Amanda and I have recently purchased property near Randleman, North Carolina. We are very excited about making North Carolina our new home. We will be moving to our new place by the end of 2009 when my apprenticeship with Mark Hewitt ends. We will then start to set up the pottery.

My first order of business will be setting up the workshop and then building a wood-fire kiln. I am offering certificates in increments of \$50 each to purchase a brick in the building of my kiln. By purchasing one or more bricks, you are helping me to buy the supplies needed to build the kiln. These certificates can be redeemed for their full value toward my pots at the first kiln opening. The projected date for the first kiln opening sale is August, 2010.

You will be given an invitation to a special sale of pots from the first kiln opening. This special invitation only sale will be held before the general public is invited to the kiln opening. The certificates can also be saved up and will be good at any of my future kiln opening sales, or they can be redeemed for purchases from my new web page once it is developed.

All "Buy a Brick" certificates must be purchased by Monday, May 31, 2010. Please contact me if you have any questions or comments, and be sure to check out the development of my new web page at [www.jsspottery.com](http://www.jsspottery.com). Please include your email address on the return form if you'd like to be on my mailing list.

I appreciate your help and support and look forward to seeing all of you at my first kiln opening sale!
